

EduLab

"Global Private Tutoring Market to Reach \$201.8 Billion by 2026"

-Globe News Wire

We Believe EduLab will be the catalyst for this growth.

Africa's Next-Generation Online Tutor Service

EduLab

**is an online platform for anyone
and everyone mainly students
who are looking for tutors to
learn or clarify their academic
subjects**

What problems are currently faced in the industry?

Affordability

Private tuition is universally expensive due to costs such as transport for either the tutor or student as well as tuition fees.

Resource Community

There are no tailored platforms for exchanging educational resources

Difficulties in finding a suitable nearby Tutor

Difficulty in finding a nearby professional tutor depending on their subject-level requirements.

How will our platform eliminate these problems?

Wide Market Range

EduLab is able to reach the entire spectrum of the market by having a wide range of tutors registering and this being a benefit to students by allowing students get to choose their own in-app tutor based on their current ratings on the app.

Free Community platform

The EduLab's community feature gives user the ability to share resources, ask subject related questions and get tailored solutions from their peers within the same department.

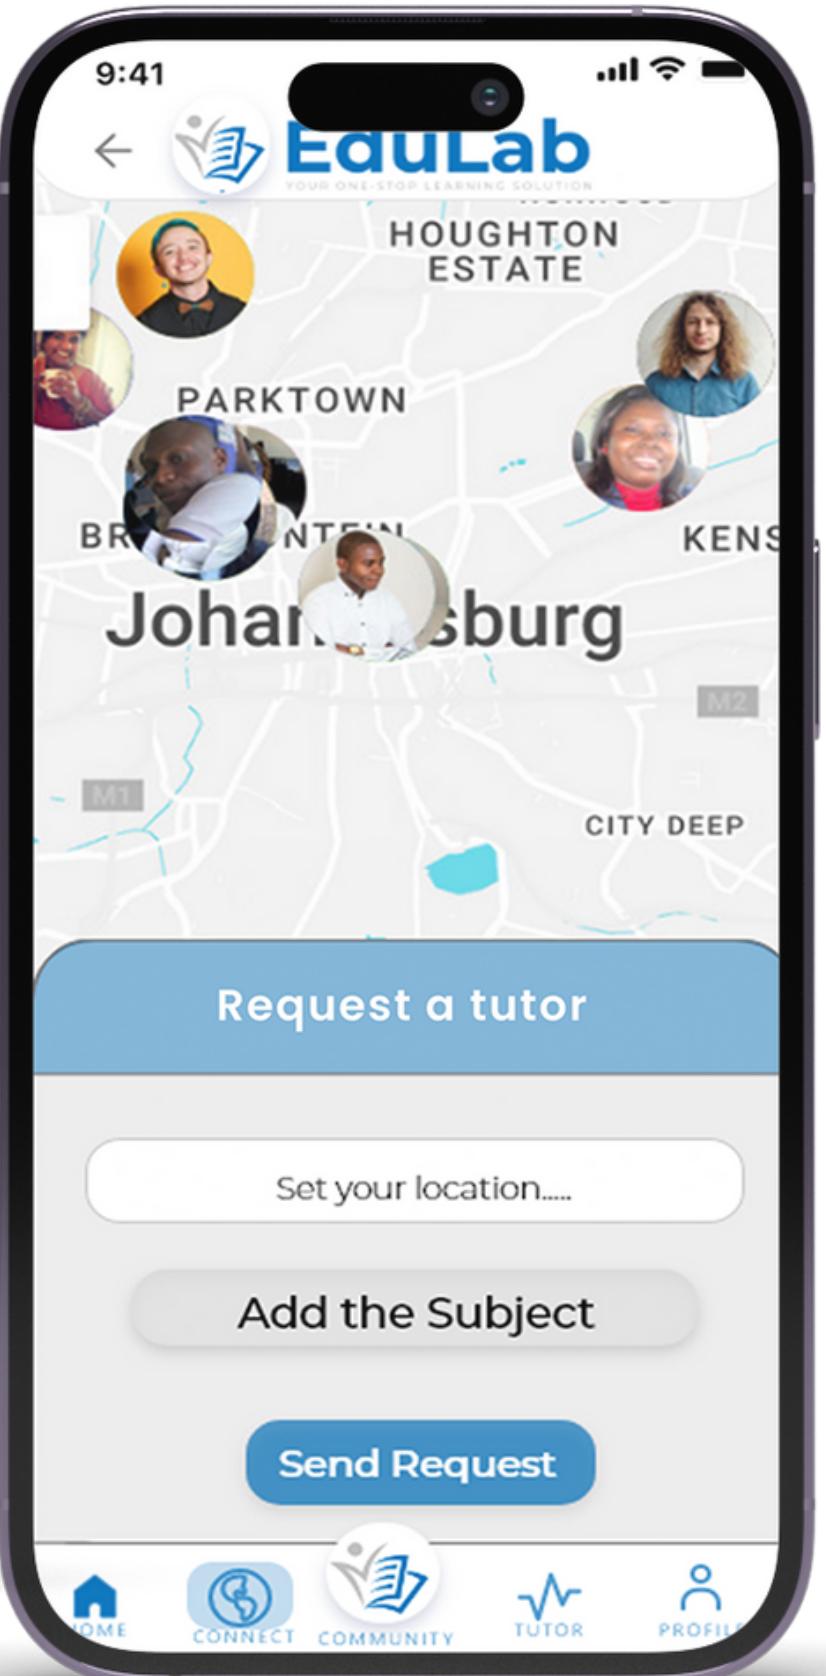

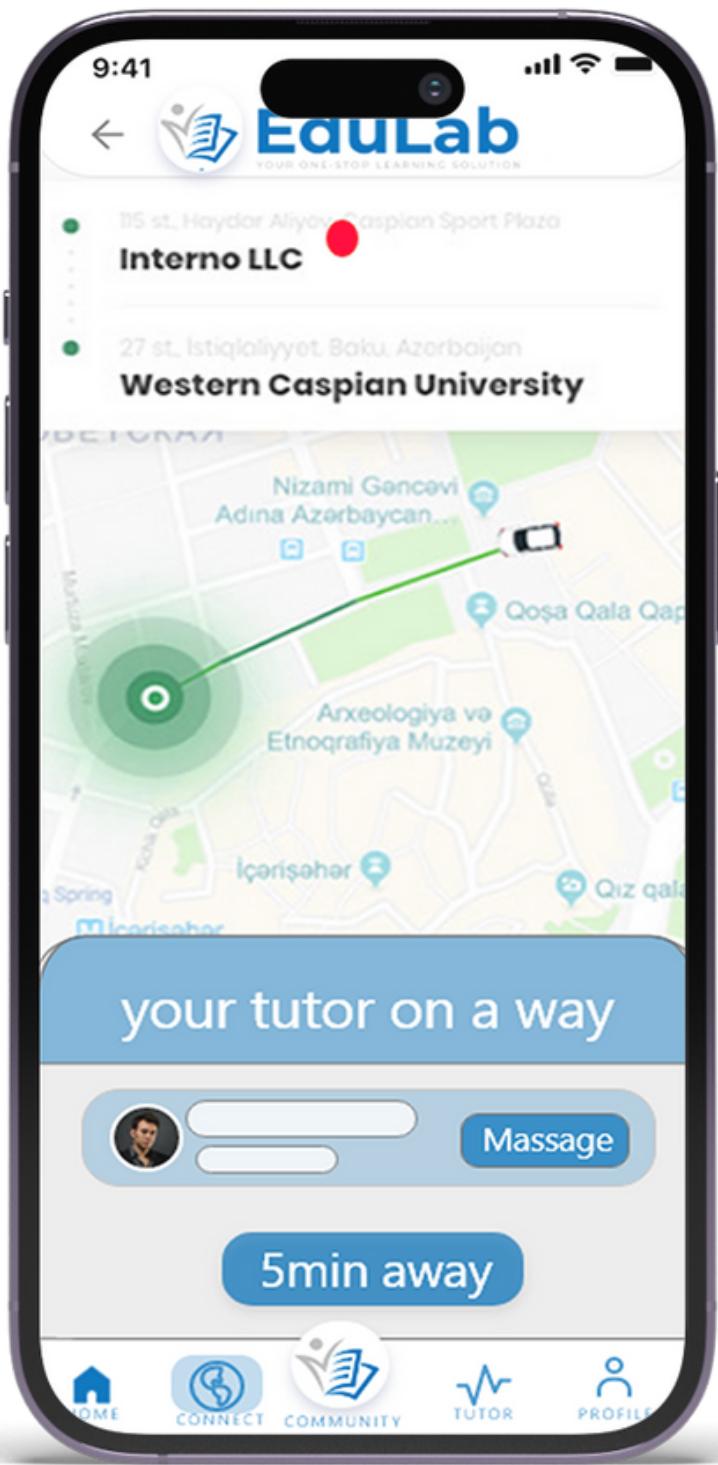

Find A Nearby Tutor

The EduLab's find a tutor feature gives user the ability to find nearby professional tutors for those preferring contact lessons depending on their subject-level requirements.

FEATURES

Request A Tutor
